Celebrating Years of Dedication at Al Ain University

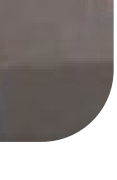

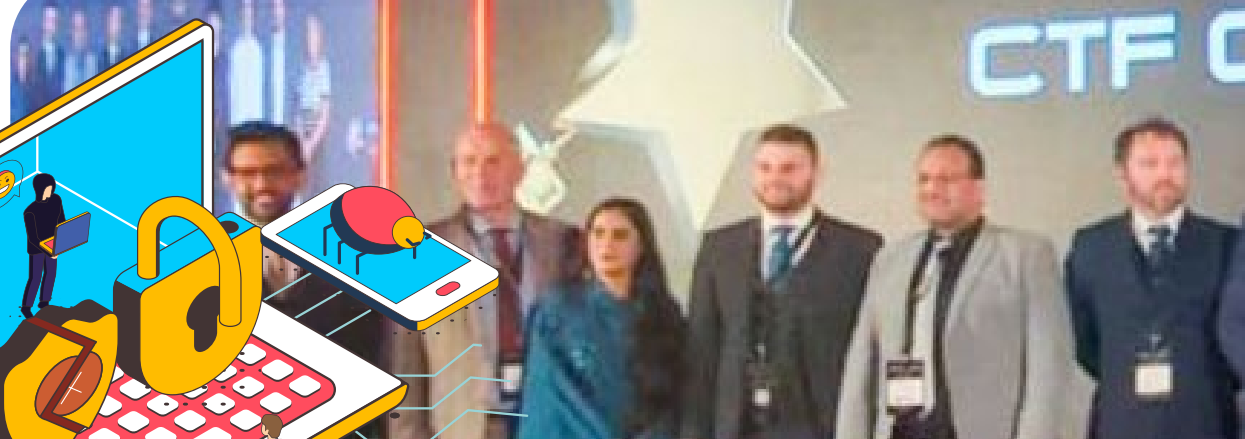

Al Ain University, through its Human Resources Unit, organized the Service Recognition Ceremony 2025 to honor employees who have completed 5, 10, and 15 years of service. The celebration reflected the university's gratitude for their dedication and highlighted the vital role they play in supporting its academic and administrative excellence. During the event, Prof. Ghaleb El Refae, President of the University, expressed his appreciation to the honorees, noting that the university's progress in academic, research, and administrative fields is the result of their continuous commitment and teamwork.

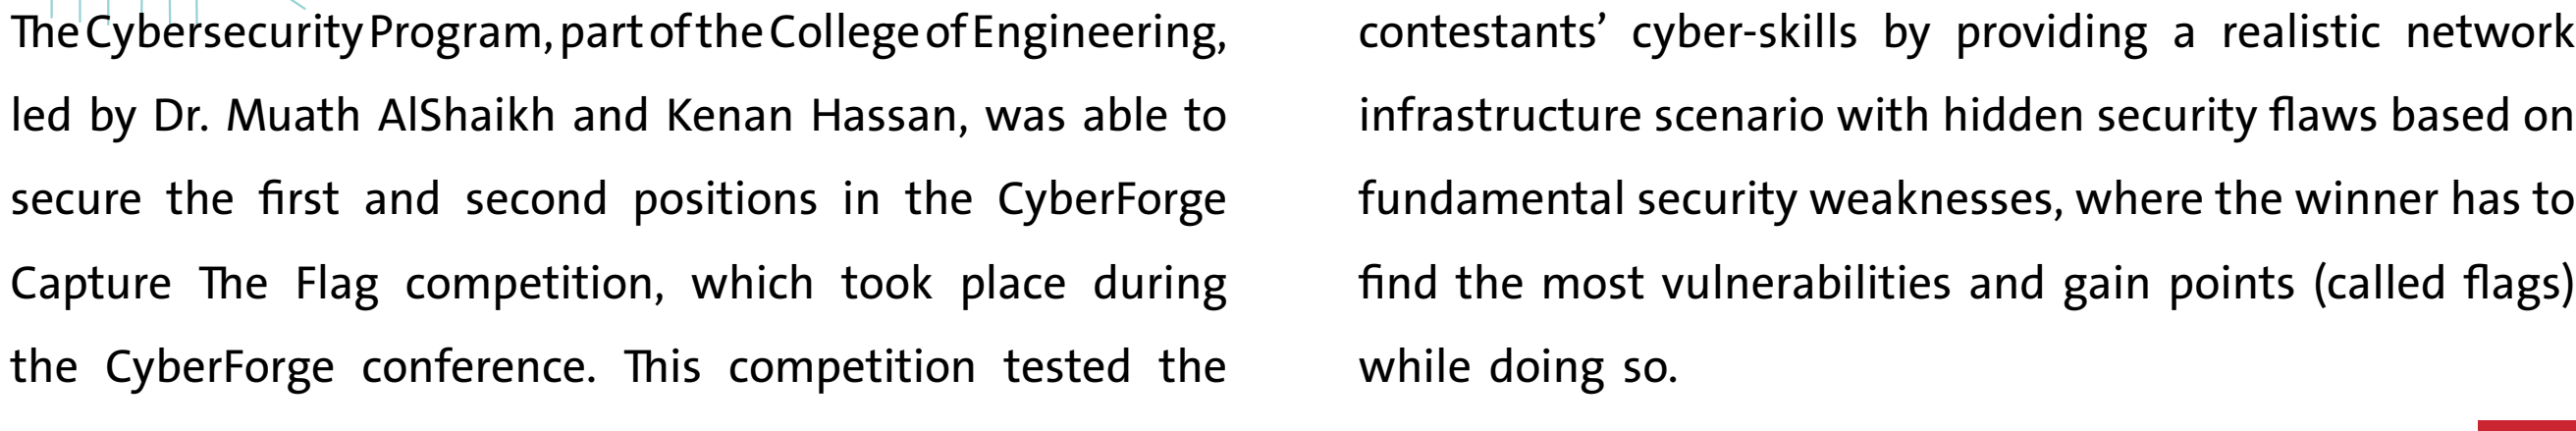

Al Ain University Welcomes New Students at Both Campuses for the Academic year 2025-2026

Al Ain University's Deanship of Student Affairs – Al Ain Campus organized a welcoming event for new students in a friendly atmosphere filled with excitement and optimism. The event opened with a speech by the University President, who warmly welcomed the students, reaffirming the university's commitment to supporting their academic journey and offering fatherly advice that encouraged diligence, excellence, and determination.

Prof. Ebtehal Abu Ruz, Vice President for Development and Follow-up and Dean of Student Affairs, also addressed the students, expressing her delight at welcoming them into the AAU family. She emphasized the university's dedication to mobilizing all its resources to support their educational journey and to foster their engagement in extracurricular activities that develop their skills and refine their personalities, preparing them for a promising future. The event featured competitions, raffles, and enjoyable activities that promoted a sense of belonging and helped new students.

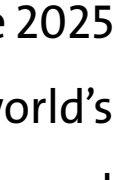

The Cybersecurity Students Secure Top 2 places in CyberForge CTF Competition

The Cybersecurity Program, part of the College of Engineering, led by Dr. Muath AlShaikh and Kenan Hassan, was able to secure the first and second positions in the CyberForge Capture The Flag competition, which took place during the CyberForge conference. This competition tested the

contestants' cyber-skills by providing a realistic network infrastructure scenario with hidden security flaws based on fundamental security weaknesses, where the winner has to find the most vulnerabilities and gain points (called flags) while doing so.

Al Ain University Wins Gold Medal at the 2025 Istanbul International Inventions Fair

Al Ain University has proudly won the gold medal at the 2025 Istanbul International Inventions Fair (ISIF), one of the world's leading platforms showcasing pioneering innovations and fostering knowledge exchange among inventors worldwide. Representing the university, Dr. Nuha Hamadah received the award for her invention, registered with the World Intellectual Property Organization (WIPO), titled "The Electricity-Generating Brick."

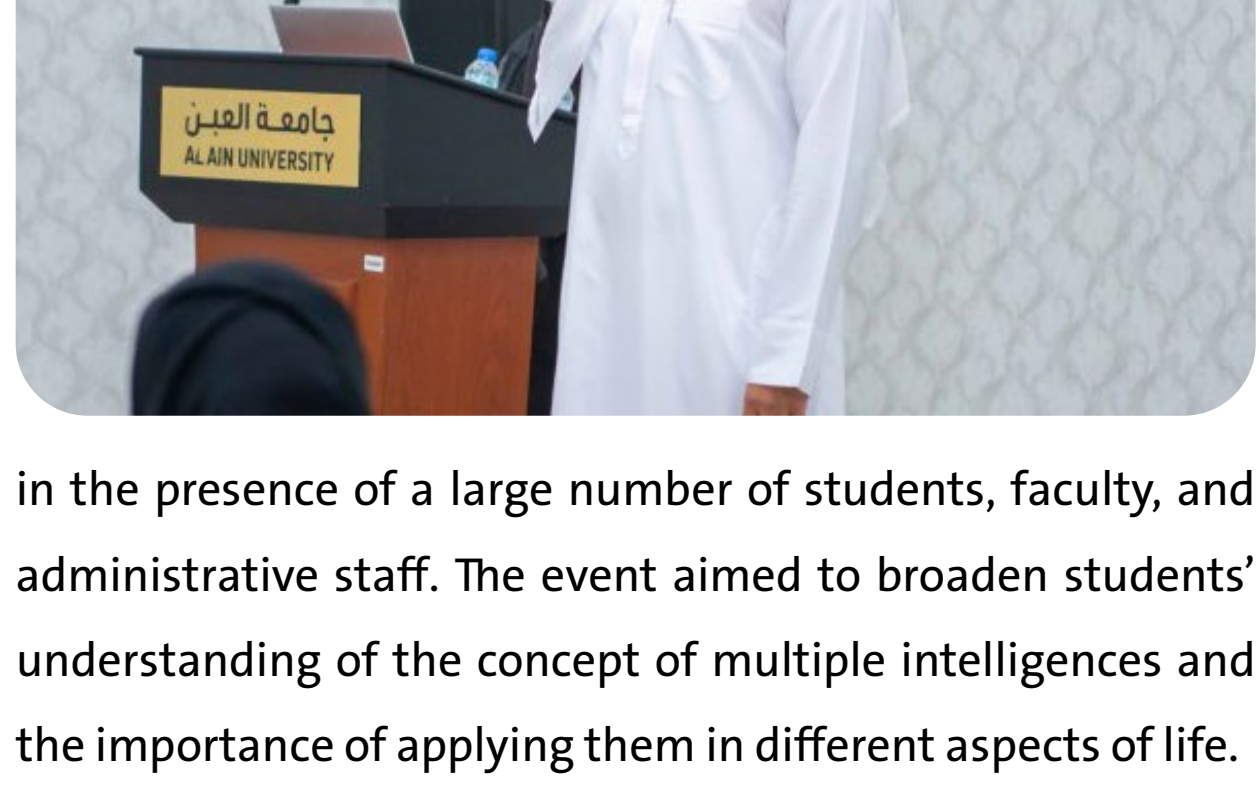

This innovative brick marks a breakthrough in the field of sustainable construction. It incorporates an integrated solar panel to continuously generate clean electricity.

Lecture on Multiple Intelligences and Applications

The Deanship of Student Affairs – Abu Dhabi Campus, in collaboration with Get Smart International Training Center, organized an awareness and educational lecture titled "Multiple Intelligences and Their Applications in Life." The lecture was delivered by certified trainer Mr. Mateen Issa,

in the presence of a large number of students, faculty, and administrative staff. The event aimed to broaden students' understanding of the concept of multiple intelligences and the importance of applying them in different aspects of life. The lecture addressed several key themes.

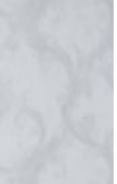

The Cybersecurity Students Join "CyberForge Global Conference"

The Cybersecurity Program at Al Ain University's College of Engineering, led by Dr. Muath AlShaikh, participated in the CyberForge Global Cybersecurity Conference. This prestigious event brought together leading experts, decision-makers, and industry pioneers from across the UAE and the wider Gulf

region to discuss the latest developments in cybersecurity. The conference featured specialized panels and interactive sessions that explored cutting-edge trends in cyber defense, emerging attack vectors, and innovative technologies shaping the future of the cybersecurity landscape.

A Lecture on Franchising vs. Starting a Business

As part of its mission to foster entrepreneurial thinking among AAU students, the Innovation and Entrepreneurship Center, in collaboration with the Emirates Franchise Association, organized an insightful and inspiring lecture titled: Entrepreneurship Choice: Franchise Ownership vs. Starting from Scratch. The session was delivered by Mr. Sary Hamway, Founder and CEO of The Franchise Trainer, a leading consultancy specializing in franchising, entrepreneurship, and SME development.

Create Your Own Perfume Workshop to Foster Student Creativity

As part of its commitment to supporting extracurricular activities and developing students' creative skills, the Deanship of Student Affairs (Career Development Office) at Al Ain University – Al Ain Campus organized a workshop titled "Create Your Own Perfume", which witnessed great interaction and participation from students.

The workshop was delivered by Ms. Maryam Salem Al Salami, Career Development Office Administrator and perfume specialist, where students had the opportunity to practically apply what they learned by designing their own perfumes. The event also included interactive competitions that added an element of excitement and enjoyment to the workshop.

Writing as a Tool for Self-Expression in a Workshop at Al Ain University

The Deanship of Student Affairs at Al Ain University organized a workshop titled "Expressive Writing", presented by Ms. Fatima Al Qubaisi, an international trainer in art therapy. The event aimed to introduce students to the importance of writing as a tool for self-expression and stress relief.

The workshop featured a series of interactive activities, including drawing and writing about personal challenges as a means of emotional release, in addition to listening to soft music to create an inspiring atmosphere for creativity and expression.

A Heart Health Awareness Event in Collaboration with the Czech Rehabilitation Hospital

As part of its commitment to the health of its students and the university community, Al Ain University organized an awareness event on heart health and the prevention of cardiovascular diseases, in collaboration with the Czech Rehabilitation Hospital. The event was attended by Prof. Ibtehal Abu Rezeq, Vice President of Development and Follow-up, and the Dean of Student Affairs, as well as several faculty members, administrators, department heads, and students.

The event featured free medical checkups, including blood pressure, blood sugar, cholesterol, and body mass index (BMI), as well as free consultations and health advice provided by a public health doctor and a nutritionist, aiming to promote awareness of the importance of heart health and disease prevention.

The event also included the distribution of gifts to participating students.

An Awareness Event Titled "Weight-Loss Injections: Between Hope and Caution"

The Deanship of Students' Affairs and the National Identity Club organized a public health event titled "Weight-Loss Injections: Between Hope and Caution", marking the launch of a series of awareness campaigns targeting the Al Ain community.

The event opened with a rich panel discussion featuring Dr. Yasser Al-Saadaoui, Internal Medicine Specialist at Mediclinic Hospital, and Nutritionist Salama Al-Azzani from the same hospital, in the presence of students, faculty, and administrative staff.

Promoting Eye Health Through Regular Checkups

The Deanship of Student Affairs at Al Ain University – Abu Dhabi Campus organized a special event in collaboration with Al Jaber Optical, targeting students, faculty members, and staff. The initiative came as part of the Deanship's commitment to promoting health and well-being within the

university community and providing quality services that raise awareness of the importance of regular eye checkups.

The event included free eye examinations for attendees, along with special discounts on prescription and sunglasses as well as contact lenses.

Al Ain University Library Welcomes New Faculty Members

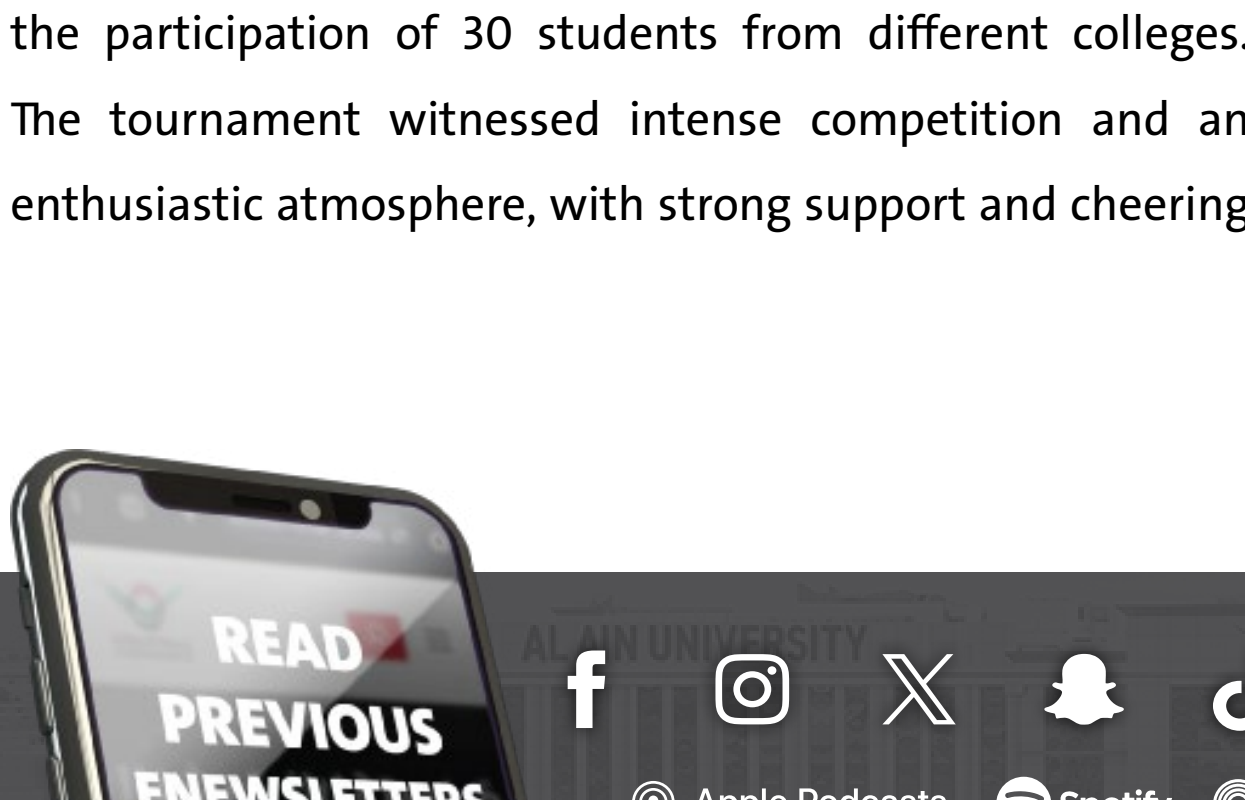

Khalifa Library at AAU recently organized a Library Orientation for new faculty members. The event brought together participants from different colleges, creating an opportunity to introduce the library as a key partner in teaching, learning, and research.

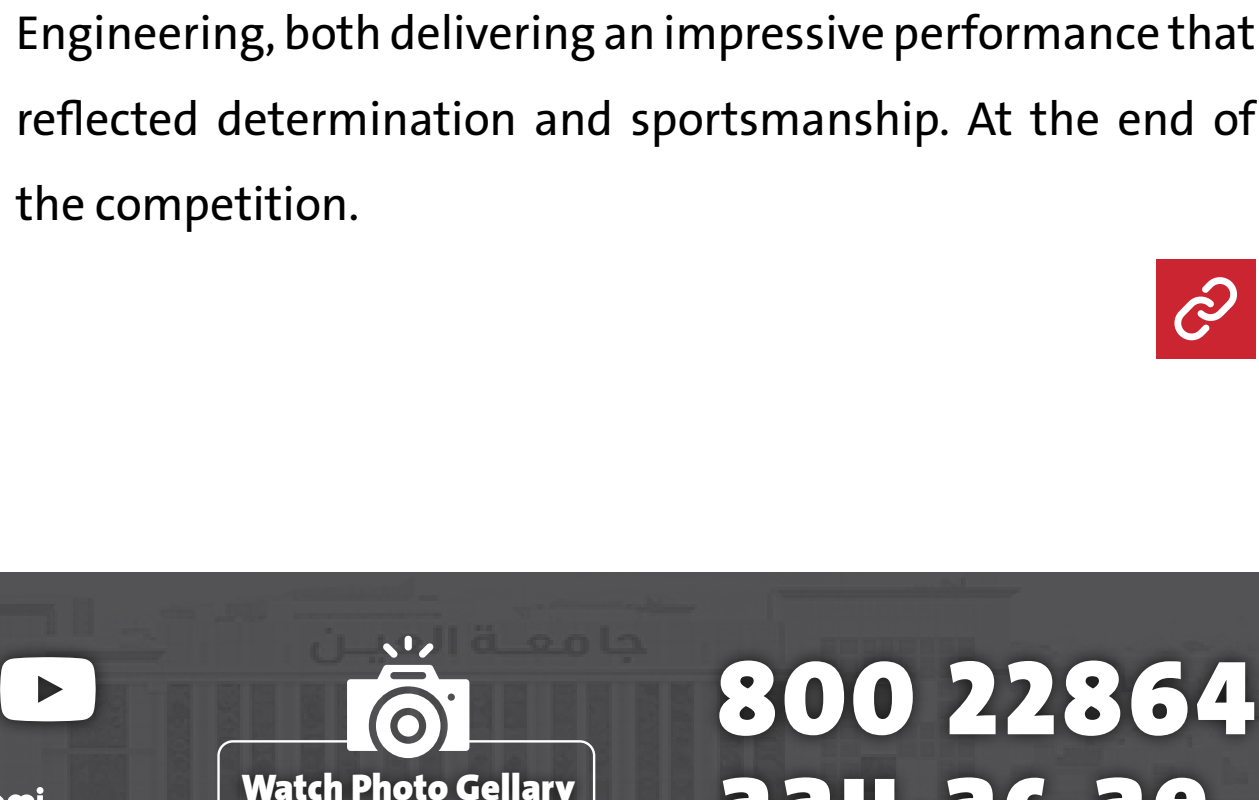

During the session, faculty were introduced to the library's vision, mission, objectives, and policies, as well as its wide range of facilities, digital resources, and academic services.

Sportsmanship and Passion Shine in AAU's 1 vs 1 Football Tournament

The Deanship of Student Affairs at Al Ain University – Al Ain Campus organized a 1 vs 1 Football Tournament with the participation of 30 students from different colleges. The tournament witnessed intense competition and an enthusiastic atmosphere, with strong support and cheering

from fellow students. The final match brought together Sami Haddad and Ahmed Mohammed from the College of Engineering, both delivering an impressive performance that reflected determination and sportsmanship. At the end of the competition.
