AAU's BOT Discusses Expansion of Academic Programs and Establishment of a New Research Center

Chaired by Sheikh Theyab bin Tahnoon bin Mohammad Al Nahyan, the Board of Trustees of Al Ain University convened its meeting for the Academic Year 2025–2026 at the University's Abu Dhabi campus. During the meeting, the Board discussed several strategic themes related to the University's developmental journey, academic and research achievements, and future directions. The meeting commenced with a welcoming address by Sheikh Theyab bin Tahnoon bin Mohammad Al Nahyan, who emphasized the vital role of Al Ain University as a national educational institution, preparing qualified graduates capable of keeping pace with rapid transformations in education, scientific research, and sustainable development.

He underscored the importance of continuously improving the quality of educational outcomes and aligning them with community needs and labor-market requirements to achieve sustainable developmental impact.

120 Researchers Discuss Artificial Intelligence Developments at Al Ain University's Annual Student Forum

Under the patronage and in the presence of Sheikha Dr. Shamma bint Mohammed bin Khalid Al Nahyan, Al Ain University launched the Second Annual Student Conference of the Association of Deanships of Student Affairs, affiliated with the Association of Arab Universities, under the theme “Artificial Intelligence Without Limits... Students’ Journey Toward the Future.” The conference was held from 25 to 29 January 2026. The conference featured more than 120 researchers who presented over 120 papers, representing 26 universities across 10 Arab countries.

Al Ain University Concludes the Second Season of the Sports Excellence Championship for Secondary School Students

Al Ain University concluded the second season of the Sports Excellence Championship for secondary school students, organized by the Deanship of Student Affairs at the Al Ain campus from 12 to 22 January 2026, as part of its efforts to support school sports activities, identify promising athletic talents, and strengthen the role of sports in shaping students' character and developing their skills.

The championship featured 25 secondary schools from Al Ain City, with students competing in a dynamic, competitive atmosphere of enthusiasm and sportsmanship, under an organizational framework that reinforced the values of discipline, teamwork, and fair play. The competition concluded with Al Khalil International Private School claiming first place for the second consecutive year.

Al Ain University Hosts the 4th Postgraduate Symposium in Health and Biomedical Sciences with Wide International Participation

Al Ain University, in collaboration with Monash University Malaysia, organized the Fourth Postgraduate Symposium in Health and Biomedical Sciences under the theme “Empowering Postgraduate Research and Innovation

through International Collaboration,” with wide academic and research participation from within the UAE and abroad. The symposium brought together representatives from more than 40 universities across 15 countries.

Al Ain University and the Childhood Authority collaborate to Empower Professionals in the Early Childhood Sector

Within the framework of the Year of the Family, which underscores that early childhood development is a shared responsibility integrating the roles of families, educational institutions, and the wider community, the Abu Dhabi Early Childhood Authority (ECA), held the 4th edition of the Universities Collaboration Forum on Early Childhood Human Capital, hosted by Al Ain University, bringing together

universities and key partners to advance work that strengthens the early childhood workforce in Abu Dhabi. The agenda focused on shared priorities and practical collaboration across universities and partners, including exchanging expertise and insights, sharing what is working across institutions, and identifying new collaboration opportunities that support ECA's efforts.

Al Ain University at the Academic Water Carnival during Abu Dhabi Sustainability Week

Al Ain University participated in Abu Dhabi Sustainability Week 2026, reflecting its commitment to engaging with national and international initiatives focused on sustainability and water security. The university's participation took place through a special session of the UAE Academic Water Carnival, attended by a distinguished group of decision-makers, academics, and experts.

Al Ain University was represented by Professor Mousa Bani Baker, who delivered a presentation emphasizing the importance of integrating artificial intelligence into decentralized water treatment, and the need to shift from a linear model to a circular one. This approach supports the enhancement of water circularity and contributes to achieving the UAE's 2026 water security targets.

An awareness initiative on the causes of divorce and ways to reduce it

The Deanship of Student Affairs at the Abu Dhabi Campus organized an awareness lecture titled “The Phenomenon of Divorce” as part of initiatives supporting the Year of the Family and promoting family and legal awareness among students and the community. The lecture was delivered by lawyer Saeed Al Mansoori and lawyer Mohammed Al Mansoori. The lecture addressed the main causes of divorce and its social and psychological impacts on the family, emphasizing the importance of mandatory family counseling prior to divorce and its role in narrowing differences between spouses. It also highlighted the legal rights of both parties after divorce, including financial matters and child custody.

Lecture on the Impact of Social Media on the Emirati Dialect and Promoting Cultural Awareness

The Deanship of Student Affairs at the Abu Dhabi Campus organized an awareness lecture titled “The Impact of Electronics on the Emirati Dialect”, in cooperation with the Women Association “Sanad Lil Watan” and the National Identity Pioneers Program of the National Fund. The lecture aimed to shed light on the impact of electronic devices and social media on the local dialect and its implications for societal and cultural identity. The lecture was delivered by Ms. Nada Abu Shabs, and witnessed notable attendance and interaction from students.

Al-Isra and Al-Mi'raj Event Promotes Religious Values Among Students

The Deanship of Student Affairs at Al Ain campus organized an event titled “Al-Isra and Al-Mi'raj: The Beginning and the Guidance”, in cooperation with the Islamic Education Program and the Arabic Language and Literature Program, as part of its efforts to promote religious and cultural values among students.

Open Health Day Promotes Skin Care Awareness in Collaboration With QV

The Deanship of Student Affairs – Abu Dhabi Campus organized the Open Health Day event in collaboration with QV Company over a period of three days, as part of its efforts to enhance health awareness among students and staff, with a particular focus on the importance of proper skin care and healthy practices.

The event featured specialized skin assessments, during which the QV team identified different skin types and provided scientific guidance on appropriate skin care methods, as well as recommendations for selecting suitable products for each case, contributing to the prevention of skin-related issues and the promotion of overall health. The event witnessed strong participation and engagement from students and staff.

Student Safari Trip Enhances Interaction and the University Experience

The Deanship of Student Affairs organized a safari trip for students as part of its commitment to providing recreational and cultural activities that contribute to enriching the university experience and fostering a spirit of interaction and communication among students. The trip witnessed wide participation, as students enjoyed a unique experience

in the heart of the desert, reflecting the beauty of the UAE's desert environment and offering an atmosphere filled with excitement and adventure. The program included a variety of exciting activities, such as four-wheel-drive dune bashing, camel riding, and sandboarding, in addition to enjoying traditional and artistic performances.
